PROPERTY LOSSES.

Vast Amounts Destroyed By Fire.

BIG BLAZE IN PHILADELPHIA.

Two Thousand Carcasses of Beef Entirely Consumed—One Man Fatally Injured. Three Lives Lost in a New York Tenement House Fire—An Alabama Village Almost Entirely Destroyed—Other Losses.

PHILADELPHIA, June 15.—The main building of the Abattoir, west side of Schuylkill river, opposite Arch street, was completely destroyed by fire early Sunday morning, and at 3 o'clock the surrounding buildings had ignited, the firemen devoting their attention to these, abandoning the main structure to its fate. The origin of the fire is somewhat of a mystery. Some say it started in the engine house, while others place it at other points.

There were several explosions from the ammonia condensers, used in the refrigerator building, which keeps the temperature below the freezing point the year round. In this store room were 2,000 carcasses of beef which were entirely consumed.

Charles Hooche, a curiosity seeker, was hit on the head with a flying timber and received injuries from which he will probably die, his injuries being a concussion of the brain.

It is understood that the total loss, including machinery, building, sheds, refrigerating apparatus, and dressed beef would amount to nearly \$500,000. The building is said to be fully insured.

Lives Lost in a Tenement Fire.

NEW YORK, June 15.—Three persons, members of one family, were burned to death early Sunday morning in a tenement house fire on Upper Third avenue. Those who lost their lives were: Philip Brady, aged 55; Catherine Brady, his wife, aged 40, and their 13-year-old son, Philip Brady, Jr. The fire started at 5:30 in the morning and caught the tenants asleep. The Brady family lived on the fifth floor, and from the position in which their bodies were found it was evident that they were not awakened until the fire had them surrounded. Their bodies were burned almost beyond recognition. Many others of the house had narrow escapes. The pecuniary loss to the building and contents is about \$12,000.

Village Almost Wiped Out.

NEW ORLEANS, June 15.—The town of Douthan, on the Alabama Midland, was almost wholly burned yesterday. Most of the business portion of the place is in ashes. Loss \$50,000, nearly covered by insurance.

Laborers Severely Burned.

LOCKHAVEN, Pa., June 15.—Hipple's planing mill, sash, blind and door factory burned Saturday afternoon. Loss \$80,000; insured. Six workmen were severely, and a number of others slightly burned.

NEGRO LYNCHED.

Jail Broken Into and a Prisoner Hung to a Tree.

BRISTOL, Tenn., June 15.—The city is intensely excited over the lynching that occurred here at 1 o'clock Saturday afternoon. A horrible outrage was committed on the person of Mrs. John Warren, a respectable white lady, last Sunday morning about 3 o'clock. Officers and detectives were put on the case trying with all their power to apprehend the guilty wretch.

Tuesday night Bob Clark, a colored boy 20 years old, was arrested on suspicion. Friday and Saturday his trial came off before Mayor Rader, of Bristol. The evidence was very damaging. He was bound over to court Saturday morning and was sent back to jail.

The great crowd that attended the trial had no idea of dispersing, and soon the news spread all over the city that Clark would be lynched before noon. In an hour hundreds of people, all colors, ages and races, gathered around the jail. Prominent men of the city made speeches loud and long, begging the excited people to disperse and let the law take its course, but they would not listen to it.

At last one man obtained an ax and told the crowd to follow. The jail door was broken down and a stream of angry men filled the jail. The negro was brought out amid shouts and cheers. By this time, over 3,000 men had assembled, and as soon as the leaders started to the woods it seemed as if the whole population of Bristol was in pursuit. The excited crowd carried him to Lindsey's Grove, a mile from town, and swung him to a limb of the nearest tree. His body fell once or twice, but was finally secured. It hung for four hours when it was cut down by the coroner's jury.

While the lynching was going on a negro said if their color had stuck together the man would not have been lynched. Immediately three or four pistols were thrown in his face and it was with difficulty that the crowd was prevented from lynching him. The negro, Clark, was a desperado, having served a term in the Tennessee and also the Virginia penitentiary. It is rumored here that Frank Martin, the negro who killed Ireson several weeks ago, will be lynched, but he has fled.

HAMILTON, O., June 15.—Mrs. Jane Lewis, aged 90, of this place, has come into possession of her share of a bequest in the will of Col. Taylor, in whose family she was a slave.

Sentenced to Fifteen Years.

CINCINNATI, June 15.—George Brown, convicted in this city of criminal assault on girls under 14 years of age, was sentenced to the penitentiary for fifteen years Saturday.

FIBRE FARMING.

A New Industry in the Bahamas Discovered by Governor Shea.

NEW YORK, June 15.—Sir Ambrose Shea, K. C. M. G., governor of the Bahamas, arrived in New York Friday on his way to Great Britain. He and Lady Shea went to the Park Avenue hotel and they will sail for Scotland on the Anchor line steamship Circassia.

Sir Ambrose's record as governor of the Bahamas promises to be historical by reason of the remarkable development of the islands due to his sagacity. When he went there three years ago he found the inhabitants—who were making a living by fruit and sponge culture—doing their best to extirpate a noxious plant which over ran the land.

The governor recognized in the tall, healthy, vigorous weed against which the natives were making a vain fight, a remarkably fine specimen of the "sisal grass," whose cultivation in an inferior quality in Mexico, for use in rope making, had built up large fortunes in that country.

After an investigation of the business in Mexico, Sir Ambrose proceeded to teach the people of the Bahamas that they had been misusing their best friend, and the cultivation and dressing by machinery of sisal was established, with a government bounty of a cent a pound for exportation, to remain in effect until 1896. The Bahama plant is not to be known to the commercial world as sisal, but as "Bahama fibre."

It is on the free list of the United States, and in this country, as well as Great Britain, a large market is expected with confidence. Sir Ambrose Shea Friday said: "The Bahamas are jumping. There will be cables from the Bahamas to Florida within this year. Do I think that that will be regarded in a promoter of annexation? Well, we are annexed to the United States all but politically. There is more American business in the Bahamas than any other, and we are very glad to see Americans."

"This Bahama fibre—it is too good to be called sisal—is a very superior article to that of the mind in Mexico. It makes an excellent rope, and it is believed it will go into fabrics; the threads are so fine. To show you what is thought of the fibre by a shrewd business man, I may tell you that Joseph Chamberlain, after six months' careful examination, has taken 20,000 acres of land, and his two sons are out there now taking charge of the estate."

AFTER SIX TRIALS.

A South Carolina "Family Extremist" Found Guilty of Manslaughter.

COLUMBIA, S. C., June 15.—The fact that it is very difficult to find a South Carolina jury that will convict a white man of murder, was again strikingly illustrated Sunday morning when R. T. Jones, the famous Edgefield county "family extremist" was found guilty of manslaughter in the Lexington county court. Six years ago, Jones brutally and in cold blood murdered three of his kinsmen—Edward Pressley, Sr., aged 78, and his two sons, Edward and Charles. He shot and cut them to death because they were planting a piece of land concerning the title to which Jones and the Pressleys had had a dispute.

Previous to the trial just ended Jones was tried five times for his triple crime in Edgefield county the jury in each instance failing to agree, in spite of the fact that the evidence against him is overwhelming. Jones will probably be given thirty years in the penitentiary, but declares he will poison himself rather than be taken there.

Escapes From Jail.

JOLIET, Ill., June 15.—John Kaiser, a three-year convict, made a peculiar escape from the penitentiary here Friday night, and thus far has eluded pursuit. His means of climbing the wall were by a ladder from the inside of an old piece of gas pipe on the outside, both of which aids were previously prepared for the occasion. Kaiser was employed as night fireman, and during the supper hour, seized the opportunity while the guards were eating. He was a professional burglar. Six months more would have completed his sentence.

Sailed After Seals.

WASHINGTON, June 15.—News has been received in Washington from Victoria, B. C., that the steamer Danube sailed from Victoria Saturday to meet the sealing fleet off Sand Point, Shumagin Islands, and bring back the seal catch already made between British Columbia and Shumagin Islands, and which it is reported numbers 20,000 skins. The fleet after delivering the catch to the Danube will sail for Behring sea, expecting as last year, no interference from any one. The fleet numbers forty-nine ships.

Sand-Bagged and Robbed.

CHICAGO, June 15.—Gideon C. Johnson, the Fort Worth, Tex., traveling man, who disappeared from the Palmer house June 5, was brought back to the hotel Saturday. He was found on a Chicago, Burlington and Quincy train, apparently demented. His money was gone, and the indications are that his condition is the result of a sand-bagging. He has a delusion that he was struck by lightning after leaving a saloon, in which he discussed affairs with some chance acquaintances.

A Cloud-Burst Causes Terror.

ROCKFORD, N. Dak., June 15.—A cloud burst over the country between Leeds and Minnewauken last night. The railroad bridges were washed out, and trains will be eight hours late. The people were terribly scared, expecting a tornado every minute.

Embezzler Arrested.

LOUISVILLE, June 15.—John Kress, local freight agent of the Chesapeake, Ohio and Southern railway at Memphis, who embezzled \$10,000 last September, was arrested here Saturday night.

OLD WORLD AFFAIRS.

Fearful Railroad Accident in Switzerland.

EXCURSION TRAIN WRECKED.

A Bridge Gives Way Preceding Two Engines and a Passenger Car Into the River—Sixty People Killed or Drowned While One Hundred Others Are Injured. Other Foreign Dispatches.

BERLIN, June 15.—A fearful accident is reported from Switzerland. A railroad bridge across the Moench, a small affluent of the Rhine, at Stein, in the canton of Basel, not far from Germany, gave way yesterday under the weight of an excursion train crowded with throngs of people who were on their way to a musical fete. Two engines and the first car, with all its passengers, plunged into the river, while the other cars remained suspended over the stream.

All the trainmen were killed, and every passenger in the submerged car was drowned. Thirteen cars were saved. The number of killed was at least sixty, and of those injured not less than one hundred. The fearful calamity has caused a terrible shock in Switzerland and south Germany. Rescuers hastened to the spot, and the injured were taken care of.

In Pursuit of the Brigands.

VIENNA, June 15.—The brigands who robbed a Turkish train and seized several rich Germans who were afterwards ransomed, have been retreating toward the Black sea. On the way they were attacked by Bulgarian gendarmes, and it is believed that the brigands were badly wounded.

Robbers Resort to Murder.

LONDON, June 15.—At Raspenau, Bohemia, last night, three striking laborers robbed the house of a farmer named Seidel. The farmer was aroused by the noise and attacked the intruders, who thereupon murdered Seidel and his wife and burned the house over their dead bodies.

Siberian Convicts Drowned.

VIENNA, June 15.—A barge carrying 400 convicts, on the River Volga, in Russia, the convicts being destined to Siberia, sank near Novgorod, and many were drowned.

Priest Imprisoned.

LONDON, June 15.—A priest named Rucke, at Erfurth, has been sent to three years imprisonment for stealing funds belonging to his church.

Vesuvius Erupts.

NAPLES, June 15.—The eruption of Vesuvius will, it is expected, become one of the greatest of the country.

RED RIVER OVERFLOWED.

Loss of Life and Great Property Destruction in the Indian Territory.

ARKANSAS CITY, Kan., June 15.—A gentleman who has just arrived here from Great country, in the extreme southwestern part of the Indian territory, reports that the Red river and its north fork have been out of their banks for over a week, completely hemming the people in and cutting off all communication with the outside world. The rainfall there has been simply terrible and the people are suffering everywhere. Over half the wheat crop has been entirely ruined and corn and oats are nearly killed.

A cloud burst inundated the little town of Fraser, ruining every merchant's stock of goods and compelling the people to flee for their lives. Two persons were drowned in the town and three in the country.

Along Turkey Creek and along the fork a dozen, or more houses were washed away. A Mr. Phillips and daughter-in-law, floating a mile on a portion of their house and finally washed ashore. Mrs. Phillips and little daughter grasped the limbs of a tree and hung there until morning when they were rescued with a raft, the water being twenty feet deep under the tree.

Suicided With Gas.

ASBURY PARK, N. J., June 15.—Eugene Steyrs, aged about 30, of New York, committed suicide at the West End hotel last night by turning on the gas in his room. A letter in a memorandum book requests that the body be sent to Dr. Schweig, of No. 26 East Twentieth street, for scientific purposes. A long, rambling letter was also in the book which stated that he intended to commit suicide at the Garden theatre.

Freight Crashes Into a Freight Train.

LITCHFIELD, Ill., June 15.—A passenger train on the Big Four road was run into Saturday by a freight train, at right angles, wrecking the baggage car and one coach. About twenty passengers were in the coach, all of whom were more or less injured. Thomas Clegg, of Mattoon, Ill., was fatally injured. Conductor A. R. Dixon and brakeman J. M. Miller were severely injured.

Another Star in the Flag.

WASHINGTON, June 15.—The following order was issued at the war department Saturday: "The field or Union of the National flag in use in the army will, on and after July 4, 1891, consist of forty-four stars in six rows, the upper and lower rows to have eight stars, and the second, third, fourth and fifth rows seven stars each in a blue field."

Three Killed by Lightning.

NEW YORK, June 15.—A fierce electrical storm broke over Hiramonton, N. J., Friday, and considerable damage was done to property. Daniel Cross and his two children were struck dead near their home in that place by lightning. They had sought refuge under a tree.

LYNCHING AVERTED.

Two Men Arrested for Criminal Assault Not Recognized by the Victim.

ZANESVILLE, O., June 15.—Chief Brown went to Beersville Saturday with Edward Bradley and James Hickey, the two tramps arrested here, who answered the description of the assailants of Miss Bertha Hoopman. He was accompanied by the deputy sheriff of Guernsey county. Several hundred people were gathered at the station and a livery man named Secrist immediately declared that Bradley was the man who shot him when pursued and Hickey was the other, whom he recognized by a hump on his back.

The men were quickly driven to the Hoopman residence, three miles away, where Miss Hoopman is lying in very feeble health and possibly may not recover. Hickey was shown first, and she said, "no." Then Bradley was taken into the room. She looked at him eagerly for a moment, and then turned her face away with the same expression. Both men had been frightened by the crowd, and Bradley fell on his knees beside the bed, crying, "God bless you, lady; Good bless you, I hope they will catch the villains and hang them."

As the officers took the men away a crowd of farmers had gathered at the gate. Some of them had guns, and had Miss Hoopman identified the men as her assailants, they would never have been taken away alive. Chief Brown took them to Cambridge, and after a conference with the prosecuting attorney, they were released.

WHIPPED BY WHITE CAPS.

John Beasley Lashed With Switches and Run Out of Town.

TERRE HAUTE, Ind., June 15.—Word has been received here that on Thursday night, forty-four White Caps, with their faces disguised by meal-sacks hanging over their heads and bodies, and hoods cut in them so that they could see and breathe, took John Beasley, of Alton Cave, about half a mile from the village, and whipped him severely with switches until he bled freely, and agreed to remain away from the village.

He had been boarding at Samuel Parish's residence and alleged intimacy with Mrs. Parish caused the whipping. The mob also ran Parish and his wife out of town, but they returned yesterday. Beasley formerly owned forty acres of ground near Clay City, and traded all but eight acres of it for a little saloon at Alton Cave. Some time ago he lost the saloon by a mortgage on his land being foreclosed. It is supposed that the nucleus for the band of White Caps came from Clay City.

CAUGHT AT LAST.

One Notorious Stage Robber Killed and Another Captured.

TUCSON, Ariz., June 15.—Deputy Sheriff Gray has arrived here with the body of the notorious Mexican stage robber Geronimo, and Leon, his accomplice. They had been robbing stages in southern Arizona during the last five years, and officers have been after them continually. Saturday night Gray and his posse ran them down in the mountains near Pantano. They made a fight and Geronimo fired five and Leon three shots without effect. Geronimo was killed and Leon surrendered.

Geronimo robbed the United States mail and stage more than a dozen times and has committed many murders. He was captured several times and escaped. Leon, his accomplice, up to six months ago was a deputy sheriff.

HIS WORK TO GO ON.

An Explanation About Rev. Sam Small and the Colorado Conference.

PHILADELPHIA, June 15.—Rev. Sam Small has not been dismissed from the Methodist ministry by the Colorado conference as was erroneously telegraphed from Denver. After the satisfactory settlement of his Utah university troubles he desired to be discontinued from further relations with the Colorado conference and the vote reported was purely the formal one in such cases.

No charge, trial and conviction, necessary for an expulsion, have ever been preferred or happened in Mr. Small's case. He has been fully acquitted of the slanderous suspicions raised by his enemies and will resume his former labors and lectures throughout the Union.

Dragged by a Runaway Horse.

MUNCIE, Ind., June 15.—Saturday Willie, the 10-year-old son of Capt. William A. McCallan, near this city, met with a distressing accident. The youngster was riding a spirited horse that got frightened and ran away, throwing the boy off. The little fellow's foot caught in a stirrup, and he was dragged under the animal's flying feet a distance of nearly a quarter of a mile. When rescued the boy was horribly lacerated, and is still wholly unconscious.

Raft Wrecked and Boys Drowned.

AKRON, O., June 15.—While six boys were playing on a raft, near Cuyahoga Falls, Saturday, the raft went to pieces and the boys were precipitated into the water, twelve feet deep. Three of them were easily rescued, but Charley Greg and Harry Dailey, both aged 10 years, were drowned, while a lad named Willie Dennis was resuscitated with much difficulty. The drowned boys were sons of prominent parents.

OTTAWA, Ont., June 15.—The Hon. J. C. Abbott has been called upon to form a ministry, and has undertaken the task.

Nine Hours for Union Printers.

BOSTON, June 15.—The typographical union adopted a resolution to adopt the nine-hour day after July 1.

Death of General Barton.

NEW YORK, June 15.—Gen. Barton died at the Gilsey house at 6:45 last night.

WHAT kind of a man is Colonel W. O. Bradley, anyhow? He was praising the President in his interview not long ago, and said "if the Republicans can't elect him, they can't elect any one." In the face of this it turns out that Bradley was at Indianapolis a few days ago scheming with some of Harrison's enemies to prevent his renomination. And the worst feature of the affair is, the Colonel took pains to conceal his identity. Harrison may well exclaim, "Save me from my friends"—such as Colonel Bradley.

The Nelson Record talks to the point and gives some good advice in the following: "It is said that John Young Brown has been compelled to employ clerical help in order to keep up with his correspondence, so numerous are the applications for position under his administration. If this is true he is paying more attention to them than he should. He should look at the name, and if it is that of a man who has made life a failure and is simply hunting for a sinecure, his application should go into the fire and let that be the last of it. When a man has showed a lack of ability to attend to his own affairs he should not be placed in charge of ours."

Extravagance in Public Expenditures.

I believe the most threatening figure which to-day stands in the way of safety of our government and the happiness of our people is reckless and wicked extravagance in our public expenditures. It is most of all the deadly brood born of government perversion. It hides beneath its wings the betrayal of the people's trust and holds powerless in its fascinating glance the people's will and conscience. Its further and most lamentable effort is to be seen in the readiness of the masses of our people, who are not dishonest, but only heedless, to accustom themselves to that dereliction in public place which it involves.—Grover Cleveland at Buffalo.

That County School Tax.

Editor Bulletin: The Court of Claims having levied a tax in aid of the common schools of Mason County, it will probably be of interest to your readers, and especially to teachers and trustees, to know exactly how this fund is to be applied. The law says that the County Superintendent shall disburse it "For the purpose of increasing the salary of the teachers, or for lengthening the school term, as the trustees of the several districts may contract with the teachers; and it shall be the duty of the trustees of each district to file with the County Superintendent a certified copy of the contract with the teacher before the opening of the school, and such teacher shall be paid his salary upon the report of the district trustees at the close of each month."

The law also provides that "The County Superintendent shall, on the order of the trustees of any district, pay for the fuel and other necessary expenses incident to the comfortable conduct of the school in such district from the taxes herein provided for; but the money so disbursed shall not exceed ten per cent. of the sum apportioned to any district; nor shall any part of such taxes be expended for building or repairing school houses."

Thus it will be seen that the district trustees fix the length of the term of the school by their contract with the teacher. The object of the law is to have the school free, and at the same time secure the services of a competent teacher. Hence the whole matter is left with the local board of trustees, and they are allowed to pay fuel expenses out of this county fund. This we regard as the very best possible arrangement for the interest of the schools.

Highest Grade Ever Reached.

Postmaster Davis has received notice from the Department at Washington that his salary has been advanced to \$2,100. This is \$100 more than it was last year, and the highest ever reached by the office at this place.

This speaks well for the efficiency of our worthy and faithful postmaster, and is also an excellent send-off for Maysville. It shows that the city is enjoying a healthy growth of a solid and substantial character, which is far better than any "boom."

FAIR PLAY.

The Courier-Journal's Courteous
(?) Conduct in the Constitutional Contest.

The Woodford Sun Throws Its Scorching Rays on the C-J's Editorial Columns.

The BULLETIN remarked a few days ago that some Kentucky papers sneeze every time the Louisville Courier-Journal takes snuff. The Woodford Sun is not one of them. You will agree with us as to this latter statement when you read the following. The Sun gives the C-J a lesson in courtesy which that great paper will not soon forget. Here is what the Sun says:

"The Courier-Journal in a recent editorial on the subject, asks that the discussion of the new Constitution may be conducted on a higher plane than heretofore. It thinks that there should be no heat or passion in this discussion, no unfairness, and no attempt to mislead the people. This is very fine, but has our Louisville contemporary observed these rules in the past or will it observe them in the future?"

"In extreme and headlong vituperation of the Constitution itself, of those who framed it, and of those who favor it, the Courier-Journal never wears. In the editorial referred to above, it berated the delegates to the Constitutional convention in the following style: 'The members of the convention began the canvass with malevolent misrepresentations of their opponents, and, in contempt of the people, say to them, shut your eyes, open your mouths and guess what we are giving you.'"

"When referring to the country editors who favor the proposed Constitution, our Louisville contemporary is equally select in its terms. It calls them by turns, 'empty-headed and irresponsible nobodies,' or 'curs of high and low degree who are yelping helplessly at its heels.'"

"In sizing up the press of the State it has a very simple rule. All newspapers that oppose the new Constitution are always characterized by it, as 'able and representative journals'. Those that are neutral are 'good and solid papers', while those that favor the instrument are 'obscure and unimportant sheets.'"

"The Courier-Journal also says that the proposed Constitution is not grammatical, that it will cause 'endless litigation' if adopted, that it is 'a menace to the peace of society,' that it has twenty-two thousand words in it, and it might have added, that the official copy of the instrument printed on greenish-brown paper by the 'Press of the Courier-Journal Job Printing Co.' was about the sorriest piece of work that was ever palmed off on any customer."

All of the expressions and words quoted above are taken from the columns of the Courier-Journal, where they do service continually, and we reproduce them, in order that our readers may form some idea of the style and methods of a great newspaper, when engaged in teaching country editors lessons in calmness and courtesy."

"We only have space to-day to give one or two illustrations of the perfect fairness with which our Louisville contemporary discusses the new Constitution. It knows that every railroad in Kentucky is fighting it, and yet we are told that the new instrument 'gives to the existing railroad lines a perpetual monopoly in the State.'"

"We are also told by the Courier-Journal that the new Constitution has lifted from the shoulders of the bankers, a great weight of taxation that has been shifted to those of the poor. This is the message regularly sent out through the editorial columns, while other departments of the paper on the same days contain communications from Louisville bankers of prominence, over their own names, in which they state that the new Constitution increases their taxation, and that they are opposed to it on this account."

FACTIONAL FIGHTING.

The Democratic Senatorial Convention at Falmouth Results in a Split.

The Democrats of the Bracken-Pendleton-Grant Senatorial district have a bitter factional fight on hand.

The convention at Falmouth on the 10th resulted in a split, and there are two candidates in the field.

Bracken County was conceded the nomination this year at the start and the only aspirants for the honor were W. V. Weldon, of the Augusta Vindicator, and S. W. Bradford, of Brooksville. The old fight between those two places probably cut some figure in the race. At any rate the county convention at Brooksville was lively and resulted in two sets of delegates being chosen, as stated some days ago.

The district convention at Falmouth

was called to order by the Chairman of the Executive Committee, who assumed that he had the right to name the temporary Chairman. This was protested against by the Weldon adherents, but he named Hon. Tim Needham, of Grant, whereupon the Pendleton delegation put C. C. Crane, of Grant, in nomination for the position of temporary Chairman, and he was duly elected. The Bradford men then bolted, and, selecting Needham as Chairman, proceeded and nominated Bradford. The convention, with Hon. C. C. Crane presiding, continued its business without interruption, and declared as its result Hon. W. V. Weldon, of Bracken, as the regular Democratic nominee for State Senator.

The special from which the above is taken says things looked very squally for awhile, and in the interest of peace and harmony (although they had the only regular and uncontested credentials from both Grant and Pendleton) the Weldon men made every proposition which fairness and justice could ask; but they were all refused by the Bradford faction, which thought it could run things as it pleased, with the Executive Committee for it. The only credentials held by the Bradford faction were those from Bracken, which were contested.

The district has a Democratic majority of about 1,800.

BEHIND CLOSED DOORS.

The Farmers' Alliance Names a Candidate for Representative.

At 2 o'clock Saturday afternoon, delegates from the different lodges of the Farmers' Alliance of this county met at the court house to nominate a candidate for Representative.

Wm. Luttrell, of Helena, called the meeting to order and was made permanent Chairman. H. C. Vawter was elected Secretary.

On motion, the Chair appointed a committee of three to draft resolutions. This committee reported the following:

WHEREAS, It is proper for the people to express their views upon public questions, and award their censure or approval to all matters of vital importance to the welfare of the country; and

WHEREAS, The farmers and laborers of Mason County have been recklessly ignored in the past by those entrusted with the power to rule, and believing the will of the people will be better subserved by a man free from party contaminations; be it

Resolved, That we offer for the Legislature a candidate in sympathy with every movement that contributes to the advancement of the agricultural, mechanical and business interest of the county.

Resolved, That we endorse the People's Party platform, and regard it as the only protection against the extravagance and greed that is now the dominant factor of the two old parties.

Resolved, That we invite the co-operation of every class who favor equal rights to all and special privileges to none.

After the unanimous adoption of the resolutions, nominations were declared in order.

Wm. Thompson, of Dover, placed in nomination B. H. Farrow, of Orangeburg. There being no other nominations, on motion of Mr. Pickett R. Best, of Orangeburg, the nomination of Mr. Farrow was made by acclamation.

A gentleman who was present at the meeting states that Mr. Farrow declined the honor. The convention insisted on his accepting the nomination, but he said he was not in a position to make the race. His business demanded his time and attention. Mr. W. N. Thompson, of Dover, was then nominated. Mr. Farrow tendered him a horse and buggy to stump the county, but he, too, was on the point of declining when the meeting adjourned. It seems some of the delegates returned, however, and finally persuaded Mr. Farrow to consent to the use of his name. He is one of the substantial farmers of the county, was born and raised in the Orangeburg precinct, and is fifty-four years of age.

Here and There.

Mr. John H. Hall, of Covington, is in town.

Mr. Marsh returned to Danville this morning.

Mrs. John A. Mitchell and daughter left Saturday evening to visit relatives at Cincinnati, O.

Mr. Clark Rogers returned Saturday from Indianapolis, where he has been attending school.

Mr. Charles Sibbald, of Cincinnati, returned home yesterday after visiting relatives in Aberdeen.

Mr. Dimmitt Hutchins has returned from Delaware, O., where he attended school the past session.

Mr. Mark Donovan, junior proprietor of the Winchester Democrat, is spending a few days here with his parents.

Miss Willa Burgoyne, of Washington, left Saturday on the early train for Delaware and other points in Ohio, to visit relatives and friends.

RETSON MINING SALT COMPANY'S ROCK LUMP SALT FOR CATTLE

To FARMERS, STOCK-RAISERS and OTHERS:

It is not generally known that the use of common loose salt for cattle, horses, sheep and hogs, is injurious to them, but such, however, is the fact. Their nature requires only so much salt as will be absorbed by the saliva. By the ordinary method of salting, more or less of the loose salt is carried undissolved into the stomach, causing irritation to the membranes and coating. In many well authenticated instances the death of sheep, and attacks of colic and other difficulties in horses and cows have been traced to this cause. It is very desirable, therefore, that some method of salting stock be employed. The most suitable form of salt for this purpose is furnished by nature in the Rock or Mineral Salt, and the best possible method of supplying it to stock is to place lumps of it in the mangers and other places where it can be easily reached when required by them. It goes four times as far as common salt, and is cheaper at any reasonable price. Any stock will do 20 per cent. better by using our Rock Salt. They do not have that terrible thirsting for water caused by using common salt, which contains large quantities of lime and magnesia, our salt being the only salt known free from these impurities.

KACKLEY & McDOUGLE,
MAYSVILLE, KY.

TO DEMOCRATS.

An Address from the State Central Committee in Regard to the Present Contest.

OFFICE OF THE DEMOCRATIC STATE CENTRAL COMMITTEE, LOUISVILLE, KY., JUNE 12.—To the Democrats of Kentucky: The approaching National election and the great interests involved—interests for the maintenance of which you, more than the Democrats of any other State, have been made responsible—render the result of the pending election of the greatest consequence.

"From the election of Samuel J. Tilden in 1876 to the defeat of Grover Cleveland in 1888 you have led in the fight for the removal of needless tariff taxation until by your persistent demands in behalf of the people the principles for which you have contended have become popularly known as the 'Kentucky Idea.'"

"In 1888 the honest purpose of the people's President to carry out the principles embodied in your St. Louis platform concentrated the money power of the country in support of Harrison and the only President the Democrats have secured in thirty years went down in a faithful effort to carry out the principles on which you nominated him."

"The fight is still being waged for the supremacy of the right to reduce your taxes to a legitimate limit, and, at a time when you are expected to maintain a consistent and firm position before the country, we beg that you will let no side issue divert your allegiance or diminish your influence. No organization for the protection of particular interests, nor your views as to the merits of the old or the new Constitution have any concern with your Democracy. One is one the less a Democrat who entertains whatever opinion he may choose on these questions. 'He is a Democrat that votes the Democratic ticket.'"

"Your committee at the outset declined to assume in the party's behalf any responsibility for the organization of the Constitutional convention; that convention was not a party body, and when you met in Democratic convention in May last you declined to make the question of the old or the new Constitution a party issue in the present canvass."

"Democrats of Kentucky, see to it that the majority in August shall not only justify, but increase, the claims of your State to her pre-eminence in the annals of Democracy, so long brilliantly sustained."

Chamberlain's Administrator Versus Chamberlain.

The Court of Appeals in reversing the above case says:

First.—In a suit for the settlement of a decedent's estate it was adjudged that each of the several claimants recover the amount of his demand "of the administrator, to be paid out of the assets and of the real representatives to be paid out of the estate descended," and at the next term of court the land was adjudged to be sold to satisfy debts against the estate. Held.—That these judgments are final, and may be appealed from.

Second.—Notes executed by the decedent to his two sons, who, as his agents, managed his farm, were executed simply upon the representation by the sons to their father that he was indebted to them for the amounts for which the notes were given, without any examination by the father as to the state of the accounts, and therefore it was error to render judgment against the estate in favor of the sons for the full amount of the notes without an investigation as to what was due. There should have been a reference to the Master Commissioner to ascertain the true condition of the business transactions between the decedent and his sons.

In the same case the court has also decided that

Where one of two administrators has been a partner of his intestate, or has acted as his intestate's agent, and there are unsettled accounts between them, the other administrator may maintain an action against him for a settlement of the accounts.

Mr. Daniel Spalding, of Louisville, and his daughter, Mrs. P. H. Owens, of Madison, Ind., are the guests of Mrs. James Spalding.

Messrs. Sydnor and Marshall Hall, of Covington, spent yesterday with their parents in this city, returning home in the evening accompanied by Mrs. Sydnor Hall, who had been here for several days.

MORAL SUASION

Conseled in the Move to Secure
 a Better Observance of
 Sunday.

What Was Done at the Mass Meeting
 of the Citizens at the Court
 House Yesterday.

The mass meeting at the court house yesterday afternoon in response to the call from the preachers of the city to take steps to secure a better observance of Sunday was well attended. The crowd, however, was not as large as many had expected. The day was uncomfortably warm and this no doubt kept many away who otherwise would have been present.

The meeting was called to order by Rev. B. W. Mebane, who nominated W. LaRue Thomas for Chairman. Mr. Thomas was elected. After prayer by Dr. Hays, the object of the meeting was stated by G. S. Judd. M. F. Marsh was then chosen Secretary.

Rev. C. S. Lucas read the law as provided in the General Statutes for the observance of Sunday, as follows:

Page 436, Section 10.—"No work or business shall be done on the Sabbath day, except the ordinary household offices, or other work of necessity or charity. (A.) If any person on the Sabbath day shall himself be found at his own or any other trade or calling, or shall employ his apprentices or other persons in labor or other business, whether the same be for profit or amusement, unless such as is permitted above, he shall be fined not less than two nor more than fifty dollars for each offense. Every person or apprentice so employed shall be deemed a separate offense. Persons who are members of a religious society who observe as a Sabbath any other day in the week than Sunday shall not be liable to the penalty prescribed in this section, if they observe as a Sabbath one day in each seven, as herein provided."

Pages 436-437.—"That it shall be unlawful for any tavern-keeper (whether licensed by the State or by authority of the County Court or Trustees or other authority of city or town) or for any saloon-keeper, or any other dealer in spirituous, vinous or malt liquors, to have open a bar-room or other place for the sale of such liquors or in any way to sell, give or otherwise dispose of spirituous, vinous or malt liquors on Sunday."

Section 2.—"The keeping open of a bar or store or any other place for the sale of such liquors or the selling or otherwise disposing of such liquors on Sunday shall be deemed a violation of the statutes to which this act is an amendment, and shall, upon conviction, subject the offender to the pains and penalties prescribed therein, and shall, moreover, for the third offense forfeit his license, whether State, city, County Court or town license."

Amendment, March 5, 1890.—"That the provisions of the General Statutes regarding the observance of Sunday shall not apply to street railway companies."

He also read a decision of the Court of Appeals that "the running by a railroad company of passenger or freight trains is a work of necessity."

Short speeches were then made by J. James Wood, 'Squire Miller, Senator Poyntz, G. W. Blatterman, Dr. Hays and A. J. McDougle, all of whom expressed their hearty sympathy with the move. None were in favor of resorting to coercive measures. They were opposed to fanaticism. They thought if the question was presented to the business men in the proper manner a general closing of stores and shops could be secured. Senator Poyntz said he was not a member of church, but he believed in a day of rest for the people. He was satisfied from what he had heard that a majority of those who were accustomed to keeping open on Sunday were in favor of closing, provided all their competitors would do likewise. He favored the appointment of a committee to wait on these people and secure, if possible, an agreement to close on Sundays.

Dr. Hays thought the people were to blame as much as the business men. If the stores and shops were not patronized on Sunday they would not be kept open.

Rev. W. J. E. Cox offered the following resolutions, which were adopted:

WHEREAS, Our Sunday laws are being flagrantly violated by many of our people keeping open their places of business on Sunday and buying and selling as on other days of the week, and

WHEREAS, Some of those merchants who now open their places of business on Sunday are willing and desire to close on that day, as the law demands, provided all others will close, and

WHEREAS, The suspension of all business and work, (except that of necessity, mercy and charity), and the proper observance of the Lord's Day, is of incalculable benefit to any community; therefore

Be it resolved, That we express to those of our fellow citizens who now close their places of business on Sunday our gratification and hearty approval, and promise them our support and co-operation in bringing about a more general observance of the Lord's Day.

That we proceed to organize what shall be known as the "Law and Order League of Maysville," the object of which shall be to secure a better observance of Sunday and the enforcement of all laws that relate to the moral elevation of the people of our community.

On motion, the Chair appointed the pastors of the city a committee to solicit and secure members for the League.

Rev. W. J. E. Cox offered a motion that W. LaRue Thomas, G. S. Judd, J. James Wood, I. M. Lane and G. W. Geisel be appointed a committee to carry out the object of the meeting, and confer with the business men and try and persuade them to close their stores and shops on Sundays. Mr. Wood asked to be excused, which was done, and Mr. C. W.

Darnall was substituted in his place. The motion was then adopted, and the meeting was on the point of adjourning when Rev. J. E. Wright stated he was afraid they had taken a step to cut off their own heads; he was afraid they had acted too hastily in organizing a "Law and Order League;" the impression would go out that the committee named represented such a league, and this would tend to make the people stubborn. He moved to reconsider the motion adopting the resolutions.

Rev. Mr. Cox opposed the motion. He said all the speeches made during the meeting showed that coercive measures were not intended. Some organization was necessary, however, and that was the reason the step had been taken.

Dr. Hays moved to table the motion to reconsider, and this was done by a vote of 18 to 4.

Rev. Mr. Wright then announced to the audience that he wanted it understood that he was not a member of any law and order league.

The meeting then adjourned.

SAYS the Lexington Transcript: "Mr. Henry Lloyd, one of the most industrious students that Kentucky University can ever boast of, has left Lexington and will stand examination at Paducah, preparatory to accepting a position there as a teacher in the public school." Mr. Lloyd is a brother of Mrs. John C. Adamson, of this city.

MR. F. E. JANOWITZ has tendered his resignation as joint agent of the C. & O. and L. & N. railroads, to accept a much more lucrative position with the Baltimore Ohio & Southwestern, with headquarters at Cincinnati. The B. O. & S. W. is to be congratulated on securing his services. He leaves nothing undone to promote the interests of the roads he represents. The business of the C. & O. and L. & N. at this place has increased largely since he was placed in charge, and this splendid showing is due mostly to his careful management and effective work. It is not yet known who his successor will be.

IN dismissing the case of Buckler's administrator versus Brewer's administrator, taken up from Robertson County, the Superior Court says: "The death of the plaintiff having been suggested, and the petition afterward dismissed for want of prosecution, no offer to revive having been made, the administrator of the plaintiff can not appeal from the judgment by merely filing in this court, with the copy of the judgment, a certificate of the County Court Clerk showing his appointment as administrator. This is not sufficient to show his right to take the appeal."

Another Steamer From Hong Kong and Yokohama.

BATCH OF IMPORTANT NEWS

One Hundred and Ninety-Three Houses Burned at Yawmuchi—Foreign Railroad Engineers Driven From Their Work—Robbers Increasing in Yokohama—Passenger Steamer Lost, Japanese Junk Sunk and a Steam Launch Blown Up—Other Advice Brought Over By the Steamer Rio de Janeiro.

SAN FRANCISCO, June 15.—The steamer City of Rio de Janeiro arrived from Hong Kong and Yokohama last night, bringing the following advices.

Nearly Two Hundred Houses Burned. Fire at Yawmuchi destroyed 193 houses.

Foreigners Fleeing for Their Lives. Foreign railroad engineers engaged on the Tongshau railroad, were attacked by the Cantonese and had to fly to Tientsin for safety. They were lured back by means of false telegrams promising them protection, and were again compelled to fly for their lives.

Robbers Increasing. Robbers are said to have increased from an average of 150 to 300 per month in Yokohama, owing to the scarcity of employment.

Passenger Steamer Lost. The passenger steamer Takachichi Maru, Capt. Walker commanding, was lost during a thick fog on the morning of May 11, on the Japan coast. The passengers were all saved.

Socialist Meeting Suppressed. A Socialist meeting was suppressed by the police in Yokohama May 10.

Russian Minister's Life in Danger. The Russian minister has received several threatening letters from Japanese since the attempt on the life of the czar.

Passports Refused Japanese Women. The Japanese authorities have decided to stop the emigration of low Japanese women to America by refusing to issue passports to them.

A Marine Disaster. The British steamer Oanfa ran into a Japanese junk, sunk the ship and killed one man.

Liberties of the Press. The minister of the state for home affairs has by direction of the emperor, notified all papers that manuscript of all matter relating to foreign politics is intended for publication shall be presented for examination and its publication may be prohibited. Violations of this order is punishable with imprisonment of from one month to two years.

Steam Launch Blown Up. The steam launch Wing Sing was blown up at her wharf and the crew of six men killed.

Big Fire in Foo Chow. Fire in Foo Chow, May 2, destroyed property worth \$200,000.

Chinese Beheaded. The steamer also brings details of the beheading of fifteen Chinese at Kowloon City, opposite Hong Kong, among whom were the three leaders of the pirates who looted the steamer Nonon five months ago, killed the captain and mate and secured over \$30,000 worth of corn and goods.

A great crowd witnessed the barbaric spectacle, which was made more repulsive by the cynical jesting of the pirate chief. The pirates were among the first lot of prisoners who arrived, and a howl of execration from the crowd greeted their appearance. "We will begin with you," said the chief executioner, laying his hand on the shoulder of a tall, thin man, with keen, piercing eyes. "All right," responded the pirate leader, "I'm number one." He was placed at one end of the square, and all the others knelt in line with him and the slaughter began.

The chief continued to speak as if he wished the spectators to know he was not afraid. "You may kill me now," he said, "but I'll revive again." As he uttered this sentence the sword fell, and he was no more. The others, miserable looking wretches, shuddered, but they had not long to wait, for the brave butcher finished his work with great celerity. The whole bloody work only occupied a few moments.

PREFERENCE FOR AMERICAN TIN. When Home Production Increases It Will Be Used in All Public Buildings.

WASHINGTON, June 15.—Secretary Foster is considering the advisability of issuing an order directing that American tin be used in the construction of all public buildings.

The law now requires American iron and steel to be used in these structures, and also in all ships built for the navy. As soon as the manufacture of the American product reaches a point where the great supply needed can be readily furnished in this country the order will probably be issued.

Another Eye Witness. COLUMBUS, O., June 15.—The jury in the Elliott murder case were Saturday given an object lesson in the manner in which the defendants stood behind Miss Wilson and fired at City Editor Osborn. The witness on the stand was H. C. Tibbets, who lived in West Virginia, and was a visitor at the time of the tragedy. He happened to be in front of Shrader's saloon at the time of the shooting and thus was an unwilling eye witness to the whole affair.

Fatal Saloon Quarrel. WASHINGTON, June 15.—George Bowie and Charles Abington, both young colored men, had an altercation last night during which Abington cut Bowie slightly. Bowie then took the knife from Abington and disemboweled him. Abington will die from the effects of the cutting.

Student Drowned. TERRA HAUTE, Ind., June 15.—Ora Randall, aged 20, a student at the State Normal school, was drowned in the Wabash Saturday afternoon while bathing. His home is at Warr, Ind.

BELIEVE AND BE HEALED.

Thousands of Invalids Seek Father Mollinger's Magic Touch.

PITTSBURG, June 15.—A crowd of 10,000 to 15,000 people were packed in and about Father Mollinger's church, on Mount Troy, Saturday morning. Fully one-third of those present were invalids who had come for relief. It was St. Anthony's day and the lame, blind and bed-ridden had made their way from all parts of the United States to meet the famous faith-curer and return home well. It was a curious crowd, made up of all classes, the wealthy and intelligent jostling the poor and ignorant in their eagerness to feel Father Mollinger's touch. In order to accommodate all, masses were held every hour from daylight until 10 o'clock, but long before the time set for the first mass every seat in the church was taken, and there was no more standing room.

Hundreds of people remained up all night to get into the holy edifice as soon as the doors were thrown open. A few minutes before 5 o'clock Father Mollinger appeared, and for five hours he was kept busy anointing and blessing the sick.

Miss Mary Pendergraft, of Cincinnati, who was entirely helpless from rheumatism, and Miss Maggie Brown, of Covington, Ky., a terrible sufferer with spinal trouble, are among the cured. They have made but two visits to the physician. Father Mollinger again announced that he would not leave Troy Hill until he had met all persons who wished to see him, notwithstanding the fact that he is greatly exhausted by his labors.

OUR NAVAL PRIZE.

The Itata Starts for San Diego Under Convoy of the Charleston.

IQUIQUE, June 15.—Admirals McCann and Brown delayed the Itata until late Saturday night in order to afford time to obtain a reply to Trumbull's application to Washington. With delicate appreciation of the situation the admirals ordered that the Itata, with her convoy, the Charleston, leave here after sundown.

The Itata is under the orders of Lieut. Commander Todd, assisted by Ensign Churchill Engineer Hollis, sixteen sailors and four marines. The officers are provided with a complete outfit, and are entirely independent of the crew of the Itata, and will in no way interfere with them as regards the navigation of the vessel. The officers are instructed to see that the Itata makes the best possible speed to San Diego, so that the case may be speedily settled.

CAMP MEETING FIGHT.

One Man Killed and Two Others Seriously Injured.

DES MOINES, June 15.—A stabbing and shooting affray occurred at the grounds of the Holiness camp meeting in a suburb of Des Moines about midnight last night, which resulted in the death of Frederick Kemp and the wounding of Charles Denman and John Jones. The two latter were arrested, as were also George Kemp and John Grover.

Jones says one man struck him with a club and another with a pair of brass knuckles. At the same time Frederick Kemp caught him from behind, but Jones threw him off and commenced to slash right and left with his razor to defend himself. Kemp was cut across the back of the neck, severing the spinal cord, and died yesterday. Denman's upper lip was severed and Jones carries a gun-shot wound in his right cheek.

AN ELECTRIFIED BRIDGE.

The Iron Structure Over the Tennessee at Chattanooga.

CHATTANOOGA, June 15.—A steel and iron bridge across the Tennessee river at this point, was finished by the county last February at a cost of \$225,000. For a few days past electric cars have been running across it, and Saturday it was discovered that the great structure had been charged with electricity through defective insulation of a trolley wire. Several people received shocks, and the bridge watchman made a point to request ladies not to touch the railing. In the afternoon an electric car was stopped at the point found to be defective. A man climbed to the top of the car and cut the wire, sparks surrounding him with a halo as he did so.

Tobacco Census of Illinois.

WASHINGTON, June 15.—The census office Saturday gave out the tobacco statistics of Illinois. The total number of planters in the state during the census year was 2,499; the total area devoted to tobacco, 415 acres; the total product, 3,042,936 pounds, and the value of the crop to the producers, estimated on a basis of actual sales, \$116,340.

Fatally Crushed at a Barn Raising. MUNCIE, Ind., June 15.—Saturday, four miles east of Muncie, William Jones, while assisting in raising the timbers for a barn, fell a distance of nearly twenty feet, breaking his right leg. A large timber followed his fall, alighting on the young man's abdomen, breaking both his thigh bones and inflicting internal injuries. He cannot survive.

New York Broker Assaulted. NEW YORK, June 15.—Josiah T. Howell, a well known New York broker, residing in Brooklyn, was set upon by a crowd of roughs while riding on a Brooklyn street car Sunday morning, and beaten into unconsciousness, narrowly escaping with his life. Mr. Howell's resentment of repeated insults was the cause of the assault.

Cut to Pieces by Pinto Indians. SAN FRANCISCO, June 15.—The Chinese consul here has received word from Bridgeport, Cal., that Ah Quong Ti, the Chinese accused of the murder of Poker Tom, on being acquitted was taken from the court by Pinto Indians and cut to pieces. The consul will bring the matter to the attention of the government at Washington.

Murderers Sentenced for Life. LANCASTER, Wis., June 15.—The sensational trial of Rose Zolodok for the murder of Ella Moley is at an end. At 2:15 p. m. yesterday the jury rendered a verdict finding her guilty. The convicted woman will be taken to Waupun to-day, there to serve out her life sentence.
